It is the policy of the Virginia Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in 49 CFR Part 26 must have the maximum opportunity to participate in the performance of federally funded contracts. A list of DBE firms certified by the SBSDB and MWAA is maintained on SBSDB's website ([SBSDB.virginia.gov](https://www.sbsd.virginia.gov)) under the DBE Directory of Certified Vendors. Contractors/consultants are encouraged to take all necessary and reasonable steps to ensure that DBE firms have the maximum opportunity to compete for and perform services on contract, including participation in any subsequent supplement contracts. If the contractor/consultant intends to subcontract a portion of the services on the project, the contractor/consultant is encouraged to seek out and consider DBEs as potential Sub-contractors/sub-consultants. The contractor/Sub-contractor is encouraged to contact DBEs to solicit their interest, capability and qualifications. Any agreement between a contractor/consultant and a DBE whereby the DBE promises not to provide services to other contractors/consultants is prohibited. The DBE contract goal for this procurement is 2%.
